ABOUT TREE TOP

Tree Top is a grower-owned fruit cooperative processing more fruits, in more forms, than any other supplier on earth. Our facilities are strategically located close to where the fruit is grown. This proximity to the fruit provides the highest quality fruit ingredients to ensure exceptional performance in your finished product.

As a primary processor of fruit grown in the U.S., we specialize in transforming more than 800 million pounds of fresh fruit, including 24 million pounds of strawberries, into safe and reliable ingredients.

FROZEN SOLID PACK STRAWBERRIES

Block frozen strawberries may be purchased with sugar (e.g., 4+1, 9+1) or without sugar (straight pack). Tree Top strawberries are usually intended for further processing and we offer whole, sliced or diced fruit, perfect for yogurt, ice cream and other products needing a boost of fruit flavor, texture or color.

STANDARD CODES:

< 10,000	< 3,000	< 10	< 3

In 2013, Tree Top opened the doors to a new state-of-the-art facility in Oxnard, California. This manufacturing location was specifically designed to produce frozen strawberries, formulated fruit preps, fruit purées, and fruit bases for use in dairy, snacks, bakery, frozen novelties, and beverages.
