ALLERGEN STATEMENT

In defining allergens Tree Top follows the U.S. FDA (FALCPA) to label the limited number of products which utilize allergens. The specific breakdown by facility follows:

Facility Name	Location	Allergen(s) Utilized
Ross Plant, Dried	Selah, WA	None
Woodburn	Woodburn, OR	Wheat, Soy Lecithin, Coconut, Lychee
Oxnard	Oxnard, CA	None
Prosser	Prosser, WA	None
Medford	Medford, OR	None
Selah	Selah, WA	None
Ross Plant, Fresh Building	Selah, WA	None
Wenatchee	Wenatchee, WA	None

Each manufacturing facility follows Good Manufacturing Practices (GMPs) and follows allergen control strategies to minimize the potential cross contact of food allergens, including but not limited to HACCP, training, separation of like materials, and sanitation. Standard operating procedures are in place to prevent the cross contamination of non-allergenic products.

Sincerely,

Bonna J. Cannon

Director, Corporate Quality and Food Safety
